## Who Am I?

### Fun Bible Facts

#### The Dead Sea

The Dead Sea isn't actually a sea at all! The Dead Sea is a saltwater lake.

Hence the name, there is no marine life in the Dead Sea. The high mineral and salt content of the waters make it impossible for fish or plants to live.

The Dead Sea is the second saltiest body of water in the world, with a salt content of 33%. Cleopatra loved the Dead Sea so much, she ordered that cosmetic factories and resorts be built along its shores.

You can lay on the surface of the water without even trying to float. The high salt content makes you buoyant.
